

## PROCESS FOR OBTAINING STANDARDS AUSTRALIA STATISTICS

Below are instructions on how to obtain statistics on use of the Standards Australia database. You will need to be patient at various points in the process as the statistics are gathered together on the fly and take some time to bring back to the screen. Re-sorting the results also takes time.

If you have any problems in obtaining the statistics please contact NSW.net on 02-9273-1643 or 02-9273-1722.

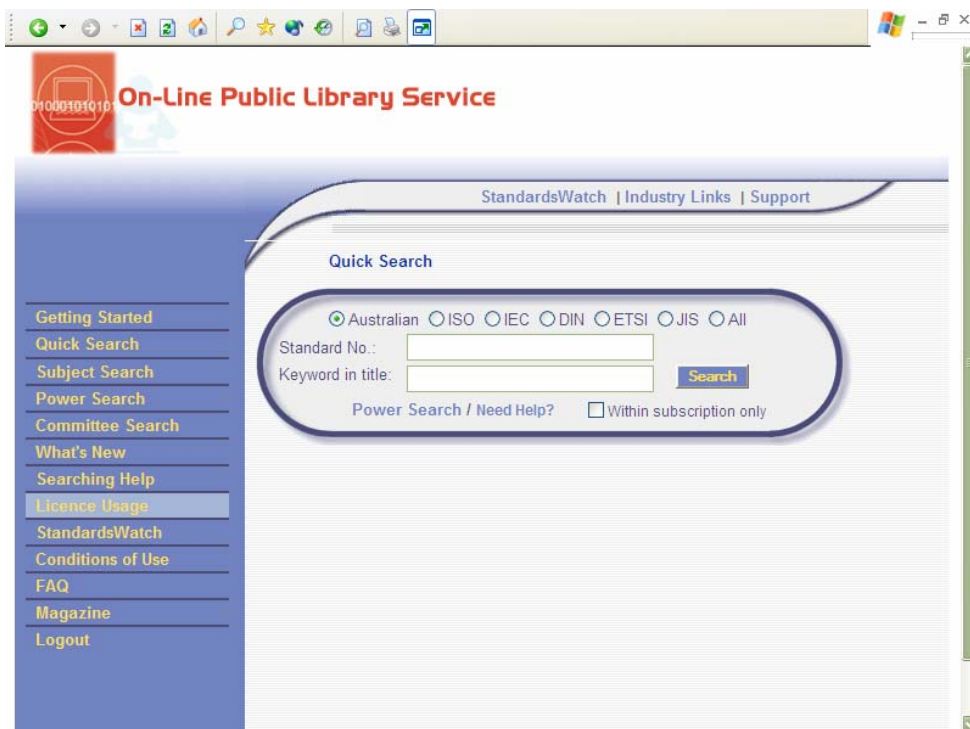

### INSTRUCTIONS

1. Go to the following URL:  
<http://www.saiglobal.com/online/>
2. Enter the following information on the login page.

User ID	5266226109
Passsword	TFNACXTXQU
User Name	"Your Library Name"

Note: if you tick the box next to: "Save my login so you can remember me on my next visit." You can then use the "Remember me?" option the next time you login with out having to enter the User ID/Password etc.

3. From the following screen select the "Licence Usage " option from the left hand list:

- From the following screen select Usage Report underneath the Current License Usage table.

StandardsWatch | Industry Links | Support

### Current Licence Usage

Licence Type	No of Licences	Licences Available	
AS	unlimited	unlimited	
IEC	1	1	Switched off
ISO	1	1	Switched off
ETSI	1	1	Switched off
JIS	1	1	Switched off

Currently your subscription has all non-Australian Standards licences switched off. If you require access to international Standards contact your [Administrator](#)

[Usage Report](#)
